

Smooth Timbers

Species | Mixed

Texture | Smooth 4 sides + Knots + Checking +
Freshly exposed grain

Grain | Mixed

Hardness | Varied

Sizes | Generally square up to 10"x10" (Inquire
about custom sizes)

Lengths | Up to 40'

LEED | MR4 - 100% Post-consumer Recycled

Options | Surface Washed
Surface Denailed
Wire Brushed
Kiln Dried

Description | These timbers have been newly milled to reveal the new surface underneath the patina. The new surface still retains some of the checking and nail holes of reclaimed wood. We can also create different surface textures and colors to match the look you are going for.
